Pothole Repair Blitz for District 2, July 18-22

An opportunity for pothole repair! The City of Oakland Public Works will soon be conducting their annual Pothole Blitz where they repair as many outstanding requests as possible. To report any annoying potholes you've encountered, go to <http://www.seeclickfix.com/oakland/> and click on the Report An Issue button in the upper right corner.

Here are the details from Councilmember Abel's 6/23 newsletter:

Public Works will conduct its annual Pothole Blitz in District 2 on July 18-22. El Nino rains have faded, but they've left behind many potholes. Staff will work from a list of all potholes within each council district and fill potholes by the highest priority within that district. So be sure to submit those requests soon! To report a problem pothole in your neighborhood, use the mobile app [SeeClickFix](#), www.seeclickfix.com/oakland or email opwcallcenter@oaklandnet.com. The crews will focus on completing as many of the existing outstanding repair requests as possible, and meeting the goal of 2,500 potholes repaired citywide by the end of the blitz. Staff will also be completing street patching and crack sealing at selected locations as needed (photo: Councilmember Guillén pitching in during last year's blitz). There are 831 miles of City-maintained streets in Oakland, and the backlog of streets needing work is \$443 million and growing. [#safestreets](#)

LHA Ice Cream Social Saturday, July 9th from 1:00-3:00, Warren Hook Park
